# 1. INTRODUCTION

## 1.1. Background

This was an email that I received from Donna on 5<sup>th</sup> June 2008 on the astrologytimingandevents list on Yahoo Group.

Quote Begin:

“Dear Group -

On May 8, 2008, my daughter lost her job of 3 years where she had been working at a health food store. I was chatting with Ash online later that day and told him about the incident in passing. I was in a rush to go somewhere, but he suggested before I leave that he do a prashna to see when my daughter would get a new job, not necessarily her dream job, but a stop gap job as he called it to fill in the time until that dream job came along.

After he did the prashna, he came up with the time period from between May 25th to June 7th. This is when she would get her new job he said. I had to rush off before he finished doing this so he sent an email to verify his results. I kept it for a few weeks to see how accurate it would be and this morning, she went on yet another job interview. Then she called me 2 hours later to say that she started hew new job today at alot more pay and likes the job.

So, I talked to Ash today to congratulate him on yet another great prediction and asked him to do a detailed prashna write up on how he came to his conclusions and that specific time period.

I'm looking forward to the write up. Again, thanks Ash. When you're good, you're GOOD! ;))

Donna”

Quote End.

## 1.2. The Prashna

Donna Quinn’s Prashna was - “When will my daughter Jamie get any stop gap job?”

This Prashna was put to me by Donna from West Islip, New York at 14:42 EDT.

I had also asked Donna to give me a Nadi from 1 to 1800 and the number she gave was 11.

---

### 1.3. The Reply

After analyzing the Prashna Chart, I told Donna that her daughter will get a job between 25<sup>th</sup> May 2008 and 7<sup>th</sup> June 2008

### 1.4. Result

Donna's daughter, Jamie, secured a good stop gap job on 5<sup>th</sup> June 2008

## 2. KAS FUNDAMENTALS

I am giving some terminology below that is used throughout the document.

Sanskrit Name	House Referred to as	Lord referred to as
Karak Sthan	House A	LoA
Phal Sthan	House B (6 <sup>th</sup> house from A)	LoB
Phalit Sthan	House C (10 <sup>th</sup> house from A)	LoC
Samrudhi Sthan	House D (3 <sup>rd</sup> house from A)	LoD
Samrudhi Sthan	House E (11 <sup>th</sup> house from A)	LoE

During the document you will see references to House A, House B, House C, House D and House E and the Lords of these houses being referred to as LoA, LoB, LoC, LoD and LoE.

Whichever house is under focus while trying to find the timing of an event, that house is referred to as House B or alternatively as Phal Sthan. House A is also called the Karak Sthan and it is the 8<sup>th</sup> house from Phal Sthan or House B. House C is also called Phalit Sthan and it is the 5<sup>th</sup> house from House B. House D and E are called Samrudhi sthan, and they are 10<sup>th</sup> house from House B, is House D and House E is 6<sup>th</sup> house from House B.

The lords of these houses are prefixed with “Lo” which means Lord of House. Therefore Lord of House A is referred to as LoA, and same way for the lords of House B, C, D and E are LoA, LoB, LoC, LoD and LoE.

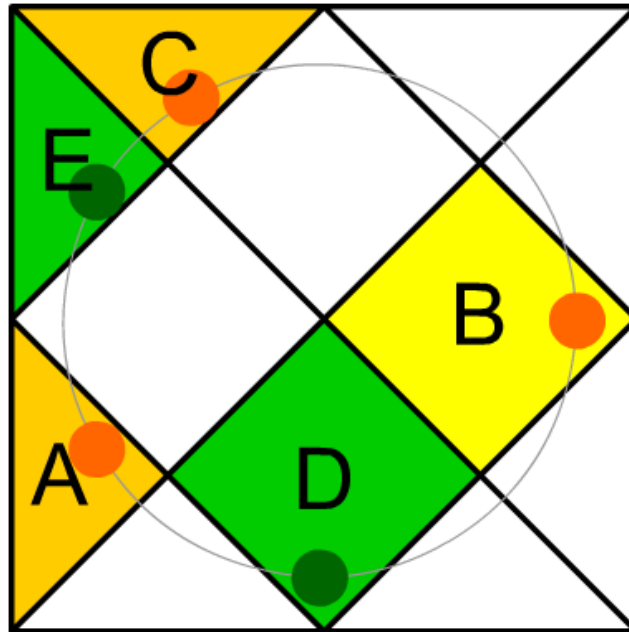

These houses are nothing but upachaya sthan from Karak sthan, so House B is 6<sup>th</sup> from House A, House C is 10<sup>th</sup> from House A, House E is 11<sup>th</sup> house from House A and House D is 3<sup>rd</sup> house from House A.

The upachaya sthan are the houses of growth, heap and prosperity.

---

**Mother Inquiring about her daughter's job.**

**Logic:** Since the question is from the Mother, we will represent the Mother as the 1<sup>st</sup> house. Therefore her daughter will be denoted by the 5<sup>th</sup> house and the 6<sup>th</sup> from the 5<sup>th</sup> house will denote the Job of the daughter which now becomes the 10<sup>th</sup> house. So, the 10<sup>th</sup> house will be taken as House B.

### Checking for Success of the result of the Prashna

The Success of the result of the prashna is to be studied from the 11<sup>th</sup> house.

The 11<sup>th</sup> house lord is Mercury and it has 16 points in the 3<sup>rd</sup> house which is 11<sup>th</sup> from the 5<sup>th</sup> house. Since the question was related to the daughter who is the native for whom we are studying the chart, we need to view it from the 5<sup>th</sup> house while the *success* of the question that we are studying about is reflected in the 11<sup>th</sup> from the 5<sup>th</sup> which brings us to the 3<sup>rd</sup> house.

Since the indicated result is favorable, we can now proceed to time the event.

## Vimshottari Dasha for Prashna Compressed to a Month

The antardasha of Ketu was running at the time of the Question. Ketu represents the Sun. The Sun for the 10<sup>th</sup> house, as one can see in Figure 3, has a power of 6 and therefore cannot furnish the timing of the event.

## Vimshottari Dasha for Prashna Compressed to a Month

The antardasha of Venus would be starting on the 25<sup>th</sup> of May 2008 and would go on until the 14<sup>th</sup> of August 2008. Venus is LoD for the 10<sup>th</sup> house and it has 17 points. Therefore it's evident that Venus in its antardasha will furnish the timing of the event.

## Probable Date Finder

Now that we have narrowed the event to the Venus antardasha, we will use the Sun's transit to narrow down the event.

The Venus antardasha starts on the 25<sup>th</sup> of May 2008. Therefore, we will find the most eager planets as shown in the KAS Power Table in Figure 3.

The first powerful PDF is :

(Fig.4)

## Probable Date Finder (PDF) for Jamie's Job

Ve and Su	14-May	24-May
Ve and Mo	25-May	07-Jun
Ve and Ma	08-Jun	14-Jun
Me and Ma	15-Jun	20-Jun

---

Now Venus is LoD or the 7<sup>th</sup> lord, which is the 10<sup>th</sup> lord from the 10<sup>th</sup> house and the Moon is placed in the 3<sup>rd</sup> house or House E and it has 6 bindus in its SAV. So both Venus and Moon are very eager to furnish this event.

Therefore I narrowed the event inside the Venus antardasha to:

**Ve and Mo 25-May 07-Jun**

**The end result was that Donna's daughter Jamie got her job on 5<sup>th</sup> June 2008.**

---

## 4. SUMMARY

KASP or KAS Prashna is an application of Krushna's Ashtakavarga System where again we are focusing on trying to find the timing of event or addressing the question, "When?"

---

## 5. DEDICATION

I dedicate this article to my Guruji, Shri Jugal Kishore Kalani ji and thank him for teaching me KAS and KASP – KAS Prashna.

---

## 6. CONCLUSION

The technique to solve a Prashna using KAS, is similar to timing the events using KAS for a Natal chart. Therefore once the technique of KAS for timing of events is mastered, it would also make the foundations for solving Prashna and other applications of KAS also quite easy.
