

Timing of Job – An accurate prediction by Ash.

Dear Readers,

This gentleman requested me to look at the time when he would secure his job. I studied his chart and timed the period in which he would secure a job. This prediction was made back in February 2004.

This was the email I received on astrologyandtimeevents yahoogroup, which I am reproducing below and will there after go on and demonstrate how I arrived at the exact time frame using Krushna's Ashtakavarga System.

Dear List Members,

My birth details were posted on this list few times as quizzes. In Feb of this year, after being jobless for sometime, I had asked Ash to look into my chart. At that time, I was in middle of advanced discussions for a potential position, and was very hopeful / confident that I would get it. However, Ash had predicted that I would get a job only in

June. The dates per "Probable Date Finder" were from June 15 till June 21. Well, I did not get that position, and faced disappointment several times thereafter.

I contacted Ash in the first week of June and told him that since there was nothing in the pipeline to materialize, I wasn't quite sure about the dates. However, on June 16th, I got a call from a company and was offered contract work for six months. Once I sign the paperwork today, I will start on Monday.

Unbelievably accurate prediction from Ash using this system.

Keep it up folks!!

Procedure used for timing of Job using KAS.

The question was asked to me regarding timing of Job in February 2004. That time the native was in the second sector of Mercury Antra in Jupiter Mahadasha.

Antar Dasha Selection

First, I had to judge that if Mercury antar dasha will bring the native job. Mercury is 11th lord which is 6th lord from 6th house, a primary upachaya house so it will make Mercury very eager to give result. So I was sure that Mercury antar dasha will definitely bring him a job. Mercury also has 20 points for 6th house, 21 points for 11th house and 12 points for 10th house. Mercury is also in the 7th house which is House D or 10th house a primary upachaya with 4 bindus and at the same time Mercury is 10th lord from 11th house or LoD for 11th for income and very eager to give result of income.

Selection of Sector inside antar dasha

Saturn is aspecting Mars and Sun which rules 1st, 6th and 10th lord thereby causing full delay. This will delay the event inside the antar dasha and push the event to fall in 3rd sector.

So, now that I had firmed up the sector, the next step was to narrow the event inside the sector. For that I considered Sun's transit.

Sun's Transit

To narrow the event inside the sector, we use Sun's transit. Event will happen when Sun transits the sign of strong Significators as per KAS Power.

The two strongest power planets are Mars and Mercury and sun will transit the sign of Mercury and nakshatra of Mars from 15th June 2004 thru 20th June 2004, i.e.. Sun will make its transit in the sign of Gemini ruled by Mercury and in the nakshatra of Mrigashira which is ruled by Mars. So this was the time predicted by me for the native to secure his job.
